DETAILED ACTION

This action is responsive to the amendment filed April 15, 2009. Claim 10 has been amended. Claims 13-14 and 25-26 have been canceled. Claims 39-40 are new. Claims 8-12 and 39-40 are pending.

Response to Amendment

In response to Applicant's request for correction of U.S. Patent Office Error in Application Prior to Issuance in remarks received April 14, 2009, the Examiner does not find the stated errors in the instant specification and therefore the stated errors should not be present when the application is issued.

Allowable Subject Matter

1. Claims 8-12 and 39-40 are allowed (renumbered 1-7, respectively).
2. The following is an examiner's statement of reasons for allowance:

Claim 8 is allowed because the closest prior art, Ricchetti et al. in WO 03/048794 in US Patent 5,424,633 and Oke et al. in US Patent 5,642,057, fail to anticipate or render obvious a method of testing at least one embedded device under test (DUT) comprising:

wherein the predefined timing reference is derived from a logical connection port adapted to indicate a predefined timing reference for determining a point in time at which to sample an output vector as the corresponding output vector in an input/output vector pair, in combination with all other limitations in the claim as defined by the applicant.

Claim 40 is allowed because the closest prior art, Ricchetti et al. in WO 03/048794 in US Patent 5,424,633 and Oke et al. in US Patent 5,642,057, fail to anticipate or render obvious a method of testing at least one embedded device under test (DUT) comprising:

wherein the predefined timing reference is derived from a logical connection port adapted to indicate a predefined timing reference for determining a point in time at which to sample an output vector as the corresponding output vector in an input/output vector pair, in combination with all other limitations in the claim as defined by the applicant.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
